**Indian Technologies** having NABL Testing Laboratory in the name of **NORDEN TECHNOLOGIES**. The testing facilities are as follows

- **Tensile Testing**
- **0.2% Proof stress**
- **Compression Testing**
- **Bend Testing**
- **Shear Testing**
- **Corrosion Testing**
- **Rockwell Hardness Testing**
- **Brinell Hardness Testing**
- **Impact Testing (Charpy / Izod) (Upto -196°C)**
- **Micro / Macro Structure Testing**
- **Portable & Kings Hardness Testing (On site)**
- **Chemical Analysis**

The test will be conducted for ferrous & non ferrous alloys, steel, stainless steel, cast iron, SG iron, copper, aluminium and also lab will conduct other material test also.

The test were conducted as per **IS, ISO, ASTM, DIN, EN** and etc..
